Name of Offeror or Contractor:

L.4 Volume III Performance Risk Factor. The Performance Risk Factor consists of two subfactors, Experience and Past Performance. Utilizing information from up to seven contracts, the Government will assess relative risk as follows:

(a) experience involves the Governments determination of the extent to which the offeror has, or does not have, recent and relevant performance history of work similar to the requirements of this RFP.

(b) past performance involves the Governments determination of the extent to which the offerors performance history represents execution of relevant work, considered with respect to quality, responsiveness and timeliness. Past performance will be rated and risk assessed (see past performance questionnaire for rating scale).

L.4.1 In the performance risk volume, we request that you provide information for a quantity of up to seven (7) recent, relevant contracts for (i) you, and (ii) your proposed significant subcontractor(s). These may include foreign, federal, state, local and private industry contracts. Recent experience includes performance of contracts occurring within approximately 3 years of the date of issuance of this RFP. Relevant experience includes prior performance that is the most similar in scope to the requirements of this RFP. Significant subcontractors are defined as each subcontractor performing more than 15% of the total value of the offeror's proposal. NOTE: Significant subcontractors shall exclude facilities type efforts.

(a) With respect to the prime, submit the following information on up to seven recent/current contracts that you consider most relevant to that portion of this RFP that you propose to perform in house.

(b) With respect to significant subcontractors, submit the following information on up to seven recent/current contracts performed by the subcontractor that are relevant to that portion of this RFP that you propose for performance by that subcontractor.

(c) If less than seven recent/current prime or subcontracted past experience examples are available, the offeror may submit information on key personnel. (See L.4.2.4 and M.3.6.2.1.1)

L.4.1.1 For each of your, or your significant subcontractors recent, relevant contracts, provide the following information:

- \~
- (a) Contract Number (and delivery order number if applicable)
- (b) Contract Type
- (c) Total Value of the Contract:(beginning & ending value)
- (d) Delivery Schedule (beginning, ending, & average monthly rates)
- (e) Government or commercial contracting activity address, telephone number and e-mail.
- (f) Procuring Contracting Officers (PCO) and/or Contract Specialists name, telephone number and e-mail
- (g) Government or commercial administrative contracting officer (ACO), contracting officers representative (COR), performance certifier, and/or quality assurance representative (QAR), name, telephone number and email.
- (h) A detailed description of scope of work requirements and a discussion of\~the similarities between the cited contract scope and the scope of this RFP. \~
- (i) The dates of contract performance.
- (j) Any subcontracting or teaming agreements.
- (k) For each of the contracts listed, provide a self-assessment of contract performance. Your self-assessment must address the technical quality of the effort provided, timeliness of repair performance, timeliness of deliveries, staffing and facilities, program management, cost controls, and customer satisfaction. Identify any quality awards or recognition received. Include an explanation for any cost growth, schedule delays or failure to meet technical requirements, and any corrective actions, measures, or procedures to avoid such problems in the future.

L.4.2 Experience Subfactor In this section, the offeror shall describe, in detail, recent and relevant experience for itself or any significant subcontractors.

L.4.2.1 Offeror will provide a summary of relevant experience by addressing each of the following five considerations (which are not listed here in any particular order of importance or value):

(a) Refurbishment of the tactical vehicles to Army -10/-20 standards. The most highly relevant experience would include performance of prior work in accordance with Attachments 003, 004, 005 and 006 of this RFP. Describe if the contract scope required the contractor to perform refurbishment, recapitalization, re-set, repair or other type of activity. Was the refurbishment of tactical vehicles to Army Tech Manual (TM) -10 / -20 standards, Technical Bulletins (TB), Maintenance Advisory Messages (MAM), Modification Work Orders (MWO), Delayed Desert Damage (DDD), Maintenance Authorization Document, and/ or other guiding documents. Explain if performance included any or all of the following: diagnosis, inspection, service, repair,(both scheduled and unscheduled (over & above) repairs), major assembly replacement (if so, list the items replaced), purchasing of repair parts, storage of vehicles, security for vehicles and/or end item testing.

(b) Refurbishment of tactical vehicles at the approximate monthly quantities specified in the Delivery Schedule attached to this RFP. Please identify the total number and type of vehicles repaired and the highest/lowest/average number of refurbished vehicles delivered monthly. The most highly relevant experience would include refurbishment of tactical vehicles at the maximum rate specified in this RFP.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN W56HZV-07-R-0040 MOD/AMD 0004	Page 7 of 10
Name of Offeror or Contractor:		

(c) Performance of contracts in Southwest Asia. Describe the location and facility where the contract was performed. Explain in detail how you established and operated a repair facility in SWA, or other location if performance was OCONUS. The most highly relevant experience would include performance of vehicle repair or refurbishment contracts in the same location/facility being proposed under this RFP.

(d) Utilizing the Army Supply System. Describe how contract performance used the Army Supply System to timely obtain spare or replacement parts (for more detail, see C.11 of this RFP). Please provide the total estimated quantity and value of all parts used in the course of performance under each contract. Also break out the percentage of parts obtained via the Army Supply System and the parts independently acquired by you or your subcontractor. Explain how vehicle information was loaded / recorded in the Unit Level Logistic System Ground (ULLS-G), Standard Army Maintenance System 1 (SAM-1), Supply Support Activity (SSA) or other database system. Please identify procedures used to obtain, train, set-up, organize, and staff your spare parts support system.

(e) Vehicle Production and/or Systems Engineering experience on the Vehicle Systems identified in Attachment 001 of this RFP. Extensive Vehicle Production and/or System Engineering experience will be considered highly relevant and reflective of both an in-depth engineering understanding of the vehicle systems being refurbished, and the potential for directly and timely accessing replacement parts in the event the Government supply system cannot provide replacement part availability to meet delivery schedule requirements.

L.4.2.2 In addition to the information required above, the experience subfactor narrative should describe your staffing of each previous contract. For each contract listed, provide the following: key labor categories of personnel involved including education and experience levels. Describe personnel hiring, retention and turnover during the course of the entire contract. Describe equipment, tooling, and facilities that you provided to support the project. State whether the facilities had to meet environmental laws, or foreign, federal, state, or locality regulations. Describe if the project was accomplished as a teaming arrangement or as a consortium with other companies. Explain how the project was managed and the company (sub or prime) that performed the role of program manager.

L.4.2.2.1. Offerors who do not possess experience meeting the five considerations cited above, but who do have experience that they consider relevant to the proposed scope of work in this RFP, may provide information on such past experience as a part of their proposal. You are advised that such experience may be assessed as relatively higher risk, particularly where the performance is not fully described or supported so that its relevance to the proposed RFP may be assessed. Accordingly, any offeror describing such experience should also include a discussion of how that experience differs from the requirements of this RFP and how the offeror proposes to address those differences so as to mitigate any potential risk.

L.4.2.3 The above instructions are provided to advise offerors as to the information required by the Government to assess the contractors recent and relevant experience. Relevant experience will be assessed to determine the relative risk that the offeror will successfully accomplish the governments requirements. Since this information constitutes the basis of the Governments review, it is imperative that the offeror present its previous experience in a clear and complete manner.

~
L.4.2.4~Personnel Experience.~ If you (or your subcontractors) have limited or no relevant experience regarding some or all~of the five considerations above, but have key personnel who will be playing a significant role in this effort who do have relevant experience, we may consider this experience in our evaluation. In order for us to consider such experience, please identify these personnel and describe their relevant roles and responsibilities for their previous employer, and their roles and responsibilities as planned for the current requirement. Also, if necessary, provide the detailed contract information (see restrictions in Section L.4.1(c) and M.3.6.2.1.1) for~up to seven~contracts in which these key personnel participated.

L.4.3 Past Performance Subfactor

Offerors are strongly encouraged to submit the Past Performance volume to John Jolokai and Gregory Dixon by email at: *HYPERLINK "mailto:john.jolokai@us.army.mil" john.jolokai@us.army.mil and *HYPERLINK "mailto:gregory.m.dixon@us.army.mil" gregory.m.dixon@us.army.mil as soon as possible, but no later than five (5) days prior to the date for submission of proposals. If they have relocated or changed ownership since performance of the listed efforts, please describe any changes in terms of personnel, facilities, or equipment, from those expected to perform this effort. The Offeror shall also provide the above requested information for any proposed significant subcontractor. Offerors must describe in detail the work each subcontractor will perform. Offerors shall include in their proposal the written consent of their proposed significant subcontractors to allow the Government to discuss the subcontractor's past performance.

(b) Predecessor Companies. If you, or your subcontractor, only has relevant and recent performance history as a part of a predecessor company, we may consider that past performance in our evaluation of performance risk. Please provide the information for those recent, relevant contracts of that predecessor company. Offerors must also document the history of the evolution from the predecessor company.

L.4.3.4 Contacting References. Offerors are advised that the Government may contact any of the references that the Offeror provides, may contact other third parties for performance information, and the Government reserves the right to use any information received as part of its evaluation. L.5.4 Volume IV Price Factor

L.5.4.1 Offeror will insert unit prices for all CLINs as instructed in spreadsheet at Attachment 002. Offeror will provide the following prices for each contract year.

L.5.4.1.1

For the firm fixed price CLINs for mandatory tasks the offeror is to provide unit prices per vehicle for each quantity range. The quantity ranges refer to the monthly production rate for all vehicle types combined regardless of vehicle mix. Offer will also provide unit prices per vehicle for each quantity range for Guaranteed Minimum CLINs.

L.5.4.1.2

For the firm fixed price per replacement for major items the offeror is to provide a unit price per replacement for each of the four major assemblies for each vehicle type, except only axle applies to the trailer.

For the T&M labor portion covering unscheduled maintenance the offeror is to provide fully built-up prices per hour for each required labor skill category.

L.5.4.1.4

For the time-and-material-related work under the contract, as shown on Attachment 002 the offeror shall provide a material handling factor for each ordering period. Related to these proposed factors, the offeror shall provide the following data in the Price Volume. The offeror shall quantitatively show what costs are included in the proposed percentage factors for material handling costs. (The proposed percentage factors for material handling costs will be added to all allowable and allocable direct material cost that the contractor incurs as part of the time and material effort. (For example, if the factor is 10%, the contractor would be paid \$1.10 for each dollar of direct material incurred.) The factor is as provided in FAR 16.601(a)(2) and 16.601(b)(2). No profit shall be included in this factor.)

L.5.4.1.5

Consistent with the prices identified in this spreadsheet and the information contained in your Volume II - Delivery Volume, the offeror is required to submit limited cost and pricing information to support the proposed amount. The Price Factor shall include the prices for all CLINs set forth in spreadsheet at Attachment 002. All prices, as well as any pricing information provided as a result of these instructions, shall be in U.S. dollars. Also provide a basis for establishing the proposed prices of all first contract year CLINs, including verifiable and established records that are regularly maintained by the vendor, and are published or otherwise available for customer inspection. Address significant factors accounting for price differences for other contract years and for the Guaranteed Minimum CLINs. The above information is intended to establish the reasonableness and realism of the offerors proposed prices. Spreadsheets should be Microsoft EXCEL or compatible equivalent and should be read-only.
